- | | |
|----------------------------------|--------------------------------------|
| _____ Houston (7th Grade) | _____ Redbird, KY (8th Grade) |
| _____ Mexico (9th & 10th Grades) | _____ Guatemala (11th & 12th Grades) |

Please answer the following questions fully. We want you to journal some, so use additional paper if you need to.... We just want to know your heart better and find a good fit for students and leaders.

How did you come to have a personal relationship with Christ?

How have you been growing in your relationship with Christ lately? What have been some areas of challenge?

How have you been involved in the lives of students at Asbury UMC?

Have you ever been on a missions trip before or done any kind of missions work? If so, please explain.

Why do you want to go on spring break missions?

What talents, gifts, skills, interests, do you possess that you'd like to put into use for spring break missions?

As a leader on spring break missions, you have the opportunity to be on the front row as students not only encounter God in new ways but are used by Him to build His Kingdom. It's an honor to be a part of this process. It is also a significant commitment. As a leader you are committing to regularly scheduled meetings prior to the trip for planning and preparation/ training. You are committing to help take on areas of responsibility before, during, and after the trip. On the trip you will have very little—if any— “down time” or “personal time.” This experience is about serving other people where they are and facilitating the needs of students in that process. This is a significant commitment. How are you willing to make this responsibility a priority?

Leaders: Please ALSO turn in a recent picture. Warning: they will not be returned.

**All Missions Paperwork is Due in the Student Ministry
Office NO LATER than Sunday, Oct. 28, 2007.**
